MESSAGE FROM THE BOARD

“Change” has been the theme at Grand Forks Public Library regarding staffing, programming, and the library building itself! Over the past year several long term staff members have retired, many with decades of experience. We appreciate their hard work and dedication, and they have left big shoes to fill! These retirements have also coincided with combining the Reference and Circulation departments into a new Information Services Department.

Library programming, including community outreach and collaboration efforts, continues to grow, ensuring library services are available to more residents of the city and county. The Library is also implementing a successful re-branding effort, including a redesigned website and expanded social media presence.

The library facility continues to see improvements, with even more updates scheduled over the next year. These changes will help ensure the over 240,000 annual library visits take place in a more comfortable environment. Beyond short term impacts, the board continues discussions with the city on potential long term solutions to the library’s space and infrastructure needs.

We invite you to visit Grand Forks Public Library; experience our services and programming; and see why we are a “Playground for Curious Minds”.

Sincerely,
The Grand Forks Public Library Board

CONNECTING THE COMMUNITY

2018 started many big changes to the way our library does things. We've put a focus back on the patrons and making their experience the best it can be both inside and outside the library.

Part of our mission is to connect the community, this means not only inside the library, but outside of its walls as well. With the addition of the Community Outreach Librarian, we were able to establish a library presence at the 701 Coworking Space, where we provided access to the library's electronic resources as well as placed a reference librarian in the space once a month to help younger professionals access free resources to help them grow personally and professionally.

We worked closely with Altru to establish the "Altru Recommends" book collection in the library. The collection includes carefully curated books and materials to help those going through the grieving process. The collection includes materials suitable for all ages from young children to elderly adults.

The library added to our list of book clubs with the addition of "Pints and Pages" a monthly book club that meets downtown at Half Brothers Brewing Company. We were also able to be part of the ALA Great Stories Project, a national thematic reading and discussion program that engages under-served teens in our community.

Finally the library participated in the city's "Welcoming Community Roadmap Project" from this we have begun expanding our Foreign Language collection and updated our meeting room reservation policy to accommodate more types of activities.

INSPIRE YOUR CREATIVITY & ENCOURAGE YOUR CURIOSITY

There is something for every person, every age at the Grand Forks Public Library. Even if you never pick up a book, our mission is to inspire and encourage you! Programming in 2018 focused on this part of our mission.

We hosted the Discover Space Exhibit, that allowed people to explore the wonders of space. In combination with that our First LEGO League and Minecraft Mania programs gave kids the opportunity to explore robotics and computer programming.

The Voter Connections Series, brought together local political candidates and community members to talk about important issues in a forum style discussion.

Additional firsts for programming included a Comic Extravaganza, Drone Day, Harry Potter mini golf, and Sensory Activity hour (for special needs patrons).

We continued with our one of a kind early literacy efforts by partnering with the Little Red Reading Bus, the Summer Reading Program, READ Dogs, and our well known storytimes.

Finally we expanded our collection to include items that will engage both readers and non readers alike. Including video games, and Roku Sticks for both adults and children, 2019 will see the addition of mobile hot spots as well.

FRIENDS OF THE LIBRARY

Grand Forks Public Friends (formerly known as the Friends of the Grand Forks Public Library) is a group of enthusiastic volunteers that supports the library and its mission by raising funds and promoting library programs and services in the community.

The Friends' new seven-member board hit the ground running in 2018. More board members meant more ideas, more collaboration and more Friends recruited! We had record high book sales and more business members than ever before, and annual programs like our Fill-a-Backpack Program, the Six-Word Story Contest. The library's Haunted Stacks, STEM offerings, and Summer Reading Program all benefited.

We also implemented a new, incredibly popular interactive mystery event that filled every seat in the room. We look forward to hosting more of these kinds of programs to remind adults that their local library isn't just a place to borrow books, but a vibrant place to join their community in experiencing a variety of arts and culture.

Do you want to give something back to the community or make a difference to the people around you? Do you long to develop new skills or build on existing experience and knowledge? There's a place for you with the Grand Forks Public Friends! You could volunteer at a book sale, sort books, address envelopes, host a reception — the opportunities are endless! If your schedule doesn't allow volunteering, you can also support the library just by your membership dues.

118 YEARS OF DEDICATION

Those that dedicate their careers to the public library are more than just employees, they have a passion for their community and a true desire to serve our patrons.

In 2018 we celebrated a combined 118 years of service to the library from five members of our staff. These individuals were instrumental to shaping the library and its service to the Grand Forks City and County community. We will miss them dearly and wish them the very best in their retirement!
